

What's in the News?

Dear Parents/Guardians.

Unexpectedly due to the prevailing economic and political protests around the state, we are online from the 20th-24th of February, 2023. Blended learning has become a reality in this present world we live. Thankfully, we are prepared to accommodate the learning expectations virtually. Children's safety is priority for us at Sinclair Lewis Schools. Thank you for your immense cooperation at this time.

Science Day

2023 Science Day's theme is "Connections". The aim was to remind us about the importance of collaboration as the exhibition exposed us to various scientific processes. Pupils showcased various projects ranging from flood proof houses, robotics-arms, water cycle, pollution models, emission of gas, reduction of water, density using salt, model of heart and lungs, soil profile, and lots more.

Valentine's Day

"Cheers to the Kind Heart". Our pupils exchanged lovely gifts with their peers. Photos were stunning.

School Band

Calling all music lovers! Sign your children up for the School Band. We are bracing up for competitions internationally and locally.

Notable Dates

Feb 25th –
Feb 27th – 3rd -March
March 11th
March 20th – 24th
March 27th

Inspiring Person of the Week

Charles Babbage - He was an English philosopher, inventor, and mechanical engineer. Babbage originated the concept of a digital programmable computer. He is considered by some to be "father of computers".

Another of his popular quote, "Errors using inadequate data are much less than those using no data at all".

Core Values For The Week

Honesty- Honesty involves being trustworthy ,loyal, and sincere.

"The way to get started is to quit talking and begin doing.." - Helen Keller
